Required Information

Label

Lead access permission

API Name

Lead_access_permission

Description

Session Activation Required

☐

Select the type of users who will use this permission set

Who will use this permission set?

-Choose "-None-" if you plan to assign this permission set to multiple users with different user and permission set licenses.
-Choose a specific user license if you want users with only one license type to use this permission set.
-Choose a specific permission set license if you want this permission set license auto-assigned with the permission set.

Not sure what a permission set license is? [Learn more here.](#)
